ODP # 9-160

MEMORANDUM FOR: Comptroller

SUBJECT: Agency Management of ADP

REFERENCE: OMB Memo, Federal Information Processing Standards Program, dated 8 January 1979

ILLEGIB 1. [ ] In response to the request in the reference, we endorsed the nomination of Clifford D. May, Jr., D/ODP, to act as the Agency focal point. I feel that this was an appropriate thing to do, but I believe the internal procedures which will allow Danny to act on behalf of the Agency need to be reviewed by the EAG.

ILLEGIB 2. [ ] As you may recall, we addressed the issue of ADP management last year in the EAG, but we failed to resolve all the issues. In particular we failed to establish a mechanism which would provide for the development of an overall Agency position on Government- or Community-wide issues.

ILLEGIB 3. [ ] I feel that we are at a point where we can no longer delay establishing this mechanism and strongly suggest EAG review at the earliest possible time.
